Investor Presentation FY24

About Us

Sundaram Finance Holdings Limited (SF Holdings), promoted by the TSF group, originated from the demerged investment arm of Sundaram Finance Ltd.

SF Holdings is an exempted core investment company listed on the National Stock Exchange of India and is involved in making investments, primarily in automotive companies. 90% of its investments must be in group companies. Significant investments include Brakes India, Wheels India, IMPAL, Turbo Energy, Axles India, TVS Holdings and Sundaram Clayton – leaders in their respective markets. Through its 100% subsidiary, Sundaram Business Services Limited, SF Holdings also provides outsourced business processing and support services.

About the Promoter

SF Holdings is promoted by TSF Group. With its heritage dating back to 1936, the TSF group's interests span the automotive and financial services sectors. Companies promoted by the TSF group have combined revenue of more than Rs 21,000 crore, 42,000 employees, 1,200 branches, and 36 factories.

In the automotive industry, the TSF group operates across segments from component manufacturing, parts distribution, vehicle dealership and vehicle financing. The group serves marquee customers across the globe and is known for high quality design-led manufacturing.

The TSF group businesses are market leaders in their segments and include Brakes India, Wheels India, Axles India, Turbo Energy, IMPAL, Madras Auto Service, and Sundaram Motors. In financial services, the TSF Group promoted Sundaram Finance, one of the most respected names in the NBFC sector, with interests in automotive lending, general insurance, housing loans, and asset management. The financial services business has more than Rs 50,000 crore in assets and a further Rs. 56,000 crore in assets managed.

The TSF group comprises the T.S. Santhanam branch of the erstwhile TVS group and continues the tradition of Trust, Value and Service that the group has been known for this past century.

Strategy adopted by SF Holdings

Actively look for and invest in businesses that leverage TSF Group strengths in areas such as high-quality manufacturing and knowledge of the automotive ecosystem.

Build a controlling stake at a TSF Group level in core investments.

As opportunities arise, monetize assets to pivot the portfolio away from passive minority stakes, and towards a smaller set of active investments.

Increasing count of associates/ subsidiaries

APPENDIX

Brakes India was founded in 1962 and is the leading supplier of braking systems in the Indian market and a global supplier of ferrous castings, for passenger vehicles, light commercial vehicles, heavy commercial vehicles & tractors.

Promoted by the TSF Group, whose heritage dates to 1911, the company has a strong in-house R&D capability, that includes state-of-the-art test facilities and an ARAI-certified high-speed test track built to international standards.

Brakes India has world-class manufacturing operations with a reputation of providing high quality products and an expansive supply chain, serving marquee OEMs across the globe. The world-renowned iron foundry produces over 200,000 tons of safety critical castings from India and Oman. Its trusted brands TVS-Girling, TVS-Apache, TVS-Sprinter and Revia are leading names in their respective aftermarket segments.

The company lays deep focus on sustainable practices and has numerous accolades to its name such as National Awards for Energy conservation; Leadership and Excellence Award in Safety, Health & Environment, TPM Excellence Award and the prestigious Deming Application Prize to name a few.

In FY24, the company achieved a revenue of INR 7,134 crores and profit after tax of INR 687 crores.
